CHEVERLY DAY - See complete schedule in the insert at the center of this newsletter.

ENTERTAINMENT STAFF NEEDED We will have absolutely the best and biggest entertainment package ever presented in Cheverly at Cheverly Day this year - **June 11, 2005**. For the first time ever, we will have two stages! The Main Stage will feature four professional acts from 2PM - 8:30 PM with a range of styles representing the diversity of our community - Latin jazz, Afro-Pop, Jazz and hip-hop/R&B/go-go/rock. The new Second Stage will open at 10:30AM and run until 8:30PM featuring local and upcoming talent. It will be awesome. We need staff to assist with sound system loading and unloading, set up and stage changes. Please contact **Alan Lewine** to get involved. **202-251-3622 (mobile) 301-772-5077 (home) alan@cheverlyday.com**.

EAST-WEST SOFTBALL GAME: The "Cheverly Bat" Series is tied at 1-1. Who will be awarded the bat this year? Come play or

plan to watch. Coaches: East-Cindy Popol 301-773-2211 West-Mike Callahan 301-772-3197.

Cindy asks that you please give her a call and let her know you plan on playing so she can plan playing time. Callahan isn't nearly that organized, but call him anyway just so he remembers he's in charge, and shows up on time (11:30 1st pitch, Mike).

VOLUNTEERS: The Cheverly Day Committee could use a handful of volunteers throughout the day for various tasks - mostly sedentary and low-stress stuff. Send Bill Stringer a note at bill@cheverlyday.com if you'd like to help us out.

WATCH YOUR MAILBOX: The Cheverly Day 2005 program will be arriving shortly. We think it's a tad better than last year's, but not nearly as good as next year's!!!!

CHEVERLY DAY INC.: FYI - Cheverly Day has filed to incorporate as a 501(c)3 non-profit organization. More details in the program book.

Cheverly GARDEN CLUB.....June is busting out all over and even though it took awhile this spring to warm up our ground the bushes and flowers were beautiful and held their colors for such a long period. We THANK each of you for digging plants, working the Sale, and BUYING. We were very successful...and just hope that your gardens will flourish with what you purchased. We have people in Cheverly who not only bought but brought quantities of quality plants who are not members but love Cheverly and gardening. We are rewarded when so many are looking for perennials for NEW BEDS...keep going and planting...pass along plants that are Cheverly grown. The vegetable plants are amazing and we thank Ann & Oswald Barsi who also printed descriptions and directions...they are neighbors of other plant givers Alice and Jacque Hopkins on Arbor.

Don't forget that if a bush blooms before June TRIM it as soon as the blooms fade. We learned that at the last meeting in April. We will only be having one more meeting and that will be to do the arrangements for shut-ins. This will be done at the Foley's

home...bring your cutting tool and have a fun time arranging. You will receive information in a mailing as to time. If you have some cutting flowers, snip and bring them...please do not cut right before you come they need to be hardened so the arrangements will last. Keep an eye on information if we are able to set up a trip...everyone in town and friends of all are invited, we like to fill a bus. Enjoy your plants...water anything close to you that you can help keep alive. Call if you have any questions, 301-773-1991, and **PLAN TO COME TO THE NEXT MEETING IN THE FALL.**

REMINDERS TO RESIDENTS

ANIMAL ORDINANCE — CODE VIOLATIONS:

- Animals running at large.
- Failure to pick up fecal waste when walking dog.
- Excessive noise.
- Unsanitary conditions on private property.
- Confined in heat.
- Failure to license a dog/cat.
- Failure to display license and/or current rabies tag.

Don't let your pets become a nuisance.

Complaints from residents:

- ☛ Dogs running loose that have bitten residents.
- ☛ Dogs running loose that have attacked smaller dogs being walked by their owners.
- ☛ Owners walking their dogs that leave fecal waste in other people's yards, on sidewalks, or in parks.

PLEASE BE A GOOD NEIGHBOR:

- ⇒ Dogs must be on a leash strong enough to control the animal.
- ⇒ Do not let your dog run loose in the parks.
- ⇒ You **MUST PICK UP** after your animals.

Also, Be aware that if you leave your dog at home alone with the windows open your dog may bark at everything and everyone that passes and become a noise problem for the neighborhood.

NOISE — a friendly reminder — Please be aware that Cheverly has a noise ordinance. Daytime hours are considered 8AM to 9PM for allowable noise from construction, or emanating from power equipment. Daytime hours on Sunday begin at 9AM. It is unlawful, between 11:00PM and 8:00AM, to operate radios, televisions, audio systems, etc. that create noise in any way audible to others living nearby, or so as to disturb the peace and quiet of the neighborhood.

PROPERTY MAINTENANCE — Summer brings with it those dreaded outside chores; mowing lawns, trimming trees and hedges and general lot maintenance.

CODE VIOLATIONS:

- ⇒ Allowing grass to grow over 8" in height.
- ⇒ Trees and bushes in your yard which hang down and otherwise impede sidewalk traffic.
- ⇒ Hedges and bushes over 3' high which block the view at intersections.

If you are cited for these (or any) lot maintenance violations, please correct them within the time frame given.

In the case of non-compliance, the Town will have a contractor correct the violations and the property owner will be billed. Please note that these charges can be \$100 or more as well as carry a fine.

CHEVERLY RENTAL LICENSES

Licenses are issued annually for the Fiscal Year (July 1 to June 30). Call the Code Enforcement Office at 301-773-8362 for an application. *The yearly rental license fee is \$40.*

NOTE: *Failure to comply with Town Code licensing laws can result in a fine.*

TAMING THE “TIGER”

Summer is here and so is the “Asian Tiger”. This aggressive mosquito is black with white stripes on its legs and a white stripe down the middle of its head and back. The Asian tiger mosquito has become a serious pest in parts of Maryland and doesn’t respond well to traditional mosquito control methods. It bites during the day and even follows people into their cars and homes. Because of these mannerisms, the State’s control program can’t contain the species adequately. However, there are a few ways YOU can help tame the “tiger.”

The Asian tiger mosquito is a weak flyer; it flies not more than 100 yards from its breeding site. Therefore, the mosquitoes that are biting you in your yard most likely are breeding in your yard.

Check your yard for ANY containers that can hold water. Even the smallest amount of standing water (1 T) can serve as a breeding site. The ‘tiger’ lays its eggs in these sites and they hatch within a few days of being flooded. Even small containers such as drinking cups can produce mosquitoes.

PREVENTIVE MEASURES:

- ☑ Fill in any low areas in the yard, they can hold water or allow it to pool.
- ☑ Change bird bath water weekly.
- ☑ Clean debris from house gutters, sticks and leaves create areas that collect water.
- ☑ Ensure that your gutters and downspouts have positive flow and do not hold water.
- ☑ Repair leaky exterior water spigots.
- ☑ Empty containers, under flowerpots that hold water or remove them where possible.
- ☑ Turn your trashcan upside down or make sure the lid is on tight.
- ☑ Check tarps that cover items for standing water.
- ☑ Empty baby pools every three days.
- ☑ Make sure water drains out of sandboxes.
- ☑ Use only perforated drainpipes at the end of downspouts.
- ☑ Remove, dispose and/or drill holes in any vehicle tire that is exposed to water.

Mosquito Havens

Talk to your neighbors about the ‘tiger’. Your problem may be coming from containers in someone else’s yard! Many people don’t know what mosquito larvae look like or that they breed in very small amounts of water. One tire with a few cups of water can breed hundreds of mosquitoes continuously throughout the warm months.

Another line of defense is to introduce natural predators. These include frogs, mosquito fish, purple martins and bats. For detailed information on introducing some of these natural mosquito predators to your yard, call the **Maryland Department of Agriculture, Mosquito Control Office at 301-475-9123.**

The last lines of defense are larviciding and spraying. To protect ponds, birdbaths or other standing water on your property, mosquito dunks are available at home & garden centers. Spray sheltered areas in your yard with an insecticide labeled for adult mosquitoes. ‘Tiger’ adults rest in dark sheltered areas such as under decks or porches, in thick or low-growing vegetation, or in outbuildings or sheds with gaps they can enter. Concentrate treatment in these areas. Read and follow all directions on the insecticide label. Many different brands will work, but some of the active ingredients which work well against Asian Tigers are: **Resmethrin, Permethrin, Pyrethrin.**

Town park and wet areas will be covered by the State larviciding & spraying program. **Note: Cheverly has been scheduled for Adult Mosquito Surveillance and possible spraying on TUESDAY NIGHTS from June 1 through September 30.** Residents can call the Public Works Department at **301-773-2666** to report major problem areas. Complaint areas will be sent to the Department of Agriculture. They will try to check these areas first, especially if there is an area of stagnant water in the vicinity.

YARD WASTE — (grass clippings, brush, leaves) are to be placed in **CLEAR plastic bags** so that the town crews can easily identify them. Tree limbs, and brush are to be tied and bundled for easy pickup by the crews.

Rocks, and dirt are not to be placed in these bags.

When black bags are used, we are forced to take them to the landfill where the cost is substantial compared to the Western Branch yard waste facility. These costs are an unnecessary burden to the Town.

Please purchase the appropriate clear plastic bags and **REMEMBER YARD WASTE IS ONLY PICKED UP ON MONDAY**. Placing yard waste bags out any other day will cost you and your neighbors.

Yard waste collected on Mondays is recycled, while yard waste picked up as trash on other days costs \$49/ton to dispose of in the landfill. Recycling yard waste on Mondays saves tax dollars, saves precious landfill space and is the right thing to do environmentally.

Think Globally—Act Locally!

Need help with YARD WORK? To assist our elderly, and other residents who need help with yard work, Cheverly maintains this list of teenagers who are interested in being hired for cutting grass, raking leaves, shoveling snow, etc.
